

FOOD ALLERGENS

We are aware that some foods such as nuts, gluten and dairy may cause food intolerances or allergic reactions.

Dishes which contain nuts as an ingredient will be marked on the menu to this effect, however, our suppliers cannot guarantee that all products supplied are nut free as products may be produced in premises where nuts are present.

Please ask a member of the Catering Team if you would like to know what allergens our food contains.

The Catering Manager would be happy to discuss your individual dietary requirements.
